Host a free CSA Shield Driver Readiness Clinic at your business.

What your customers receive

Free readiness review and checklist, plus access to Clearinghouse assistance, DOT physical appointments, and optional legal-plan information. Paid services are separate.

Added value for drivers

25% off one DOT physical with legal-plan purchase; optional \$55.00 DOT drug tests for qualifying drivers paying out of pocket. Services are scheduled separately.

What your business receives

A useful customer benefit, recognition as the host, and introductions to your relevant services.

What Allied Compliance Group provides

The educator, promotion materials, checklists, booking assistance, and requested follow-up.

What we ask from you

An agreed two-hour time window, a table and two chairs in an appropriate area, permission to display the flyer, and an invitation to your CDL customers.

Suggested pilot

Weekly two-hour clinics for four weeks. Ten-minute appointments plus available walk-in slots. No host fee for this proposed pilot.

Keep the arrangement simple

No enrollment quota. No sharing of customer lists required. Any future referral compensation or enrollment incentive needs a separate approved arrangement.

LET'S PICK A PILOT DATE.

A repeatable two-hour event

Purpose: deliver practical education, earn driver trust, and invite interested drivers to a separate legal-plan discussion. Target audience: company drivers and owner-operators.

Capacity

Book 10 ten-minute appointments; retain 20 minutes for breaks, overruns, and walk-ins. Use a separate later appointment for detailed sales conversations.

Before the event

Confirm host, date, parking access, table location, and permissions. Publish the completed flyer. Confirm current plan terms and your authority to explain/enroll. Print checklists and sign-up cards.

Minutes 0-2: understand the operation

Ask vehicle/operation type, company driver or owner-operator, and ELD use or applicable exemption. Tailor the discussion; do not use one universal document list.

Minutes 2-7: locate and review

Have the driver show applicable documents and access instructions. Note missing or expired items. Do not copy identification, medical records, or private logs.

Minutes 7-9: choose next steps

Give a checklist; ask about medical expiration, Clearinghouse needs, and employer-requested tests. Book requested services separately. Refer technical/legal questions appropriately.

Minute 9-10: optional invitation

Offer legal-plan details and the 25% physical discount. Explain actual plan terms. Offer \$55 testing only to qualifying out-of-pocket drivers; confirm purpose and employer/DER authorization as applicable.

After the event

Track attendance, requested follow-ups, consultations, enrollments, and event costs by host. Follow up within two business days only as requested.

Physical voucher: one use within 90 days; no combined offers. Confirm provider promotion rules before launch. LHID Labs appointments: (844) 984-5443. Tests and exams require suitable facilities and qualified staff; do not promise onsite services at the host.
